ACTIVITIES REPORT 2023-24

The scenario in the country is for changing and more are less the almost every institution is adopting the decentralized approach. Due to of local initiatives and political help still any of the pockets are under deplorable conditions both from infrastructure availability and economy.

It is true for any developing country that the lopsided development is leading to large scale migration of the rural poor towards the cities in search of jobs and Economic opportunities. Delhi is no exception to his Phenomenal and hence the city has witnessed a phenomenal growth in the recent part.

The Trust was particularly emphasis on health and Health Care, Social, Education, Technical education and Art & Culture. Education Interventions releasing, the need for education for sustaining the activities of health Care, special utilizes for training Music & Cultural, education program has been started at OKHLA AND OTHER AREAS, etc. as working area.
